Have you ever wondered what to do with all those wonderful large scale prints? Come experience fun and creativity and make your own one of a Kind Collage Quilt!

This is a design class; you will not need your machine. Emphasis will be on color placement and achieving dimension.

Collage Kits and pattern will be required and can be purchased the day of the class. Come prepared to have a great day!

Supplies:

- additional large scale fabrics to supplement your Kits are optional (about 4 fat eights)
- 6-8 yds Steam a Seam 2 - Available to purchase at class (please, no substitutions)
- Applique Pressing Sheet
- Small & Large Sharp Scissors (Karen Kay Buckley's Perfect Scissors are recommended)

Kim McAllister

Hi, I'm Kim

McAllister...educator, designer, wife and mama of two amazing children. I have always loved dabbling with needle and thread, excited by the endless creative possibilities that might come of it. Simply put, my passion is stitching!

As an avid quilter who loves creating modern and traditional quilts with quality fabrics, I was eager to share my passion with others. I opened *Stitching It Up* in 2007 and I have enjoyed every day of it.

It is my goal to provide the quilting community of the Cedar City, Utah area with friendly, attentive service and quality quilting supplies that will make their quilting experience as efficient and enjoyable as possible. If you're in the area, please pay us a visit. We love meeting fellow quilters and enjoy learning of your creative talents and aspirations!
